Message: Dear Sir,

I'm currently working in a sports and fitness center in Kaiserslautern Germany that serves a large Military community. We have a lot of Reserve and National Guard units who process through our community on their way "Down Range". This brings me to why I write. I had visited another gym in Darmstadt, Germany and noticed that they had on display flags from the fifty States. At the time, no one in the facility could tell me how they had been acquired. I would like to know, if you could find out, how I might be able to get a State flag in a 3' X 5' size to display in my facility as a little reminder of home if and when any units come through from your state.

Thank you for your time.

Harley Green
